Apex X2

Enhanced Multi-Impact Tested Helmet

ZAX2S01

The APEX X2 is a second-generation multi-impact tested helmet that truly looks and performs as an industrial helmet.

The X2 has a durable lightweight vented shell with front and rear height-adjustable headband provides a secure and comfortable fit.

Multiple direct-fit configurations are available for interconnecting PPE and integrated Twiceme technology that transforms the helmet into a digital safety platform, giving workers instant access to critical information and enabling smarter equipment management on site.

LIFESPAN: Up to 10 Years

CERTIFICATION:

EN12492:2012; All parts including;
PR4.2.1 (Shock absorption), PR4.1.3 (Chinstrap Retention System),
PR4.2.3. (Chinstrap Retention System Strength <500N)
