

DUSKY

SELF-RETRACTING STEEL CABLE LIFELINE

LDR00C3

The Dusky is a compact self-retracting steel cable lifeline (SRL) that can be used vertically with a maximum deviation of 40 degrees. With a 3m maximum working length, the Dusky connects directly to harness via a swivel anchorage eye to prevent the webbing twisting.

Its self-locking system ensures it's ready to engage in the event of a fall and the cable is kept under constant tension to reduce the fall distance.

RATING: 140kg

LIFESPAN: Up to 10 Years

CERTIFICATION:

EN 360:2002

EN 360:2002 Personal protective equipment against falls from a height. Retractable type fall arresters

MODEL	SIZE	WEIGHT (G)	DIMENSIONS	MATERIAL	RATING (KG)
LDR00C3	3m	1750g	2m	Galvanised Cable	140kg

PRODUCT FEATURES

- 4mm steel cable.
- 3m Maximum length.
- Integrated energy control (energy absorber is not required).
- Static Strength: not less than 15kN, braking force less than 6kN.
- Includes fall indicator.
- Maximum deflection from vertical: 40 degrees.
- Integrated swivel shackle at the snaphook for device connection.
